

Metro Final Clean

A service of Aspiring for Success LLC
Capability Statement

COMPANY OVERVIEW

Metro Final Clean is the commercial cleaning service of Aspiring for Success LLC. We provide final-stage and recurring commercial cleaning for general contractors, remodelers, and property managers: the work between the end of construction and handover to the owner or tenant. We are the contracting party on every job and deliver through a vetted subcontractor network, so the client holds one contract and one point of contact.

CORE SERVICES

- Post-construction cleanup - rough through final: debris, fine dust, labels, glass, fixtures, floors.
- Remodel and tenant-improvement cleanup - punch-list work, including occupied and phased buildings.
- Unit and suite turnover - make-ready coordinated around inspections and move-in dates.
- Recurring janitorial - scheduled interior cleaning under a standing contract.

COVERAGE

Nationwide, through a vetted subcontractor network. We do not maintain offices or company crews in named markets and do not claim to.

HOW WE WORK

- Written, itemised pricing - base labor, add-ons, and job conditions broken out. Valid 14 days.
- Instant quoting at metrofinalclean.com/quote - a real number, not a range.
- One punch return within five days of the GC walkthrough, included with every final clean.
- Commercial general liability and workers comp. Certificate of insurance on request.
- Nights, weekends, and phased work when the certificate-of-occupancy date will not move.
